

Assesment Overview

02/ Next Few Pages

Our main goal with Facial Proportions is to take an overall look at your facial configuration and dimensions. Later in chapter 2 we look into individual proportions, feature-by-feature.

TABLE III	RAW RESULT	EXPLANATION
Euclidean Matrix Analysis	Saller and colleagues [22]	The subject has a moderately juvenile face.
Dimorphism Analysis	Edmondson and colleagues [23]	Measuring changes of the face as as masculinity is artificially increased or decreased
